

Start a Screen and Media traineeship

and one day you can be a:

- film-maker, camera operator, a film and sound editor, a 3D animator, a VFX specialist, sound recordist, a journalist, a podcast creator or work in live television or radio.

Finish a Certificate III or IV in Screen and Media

A one-year, full-time traineeship or a two-year TVET course through school or a six-month to one-year course at a college.

Result — you have a broad range of skills that will let you work in film, TV, media or animation; and skills specifically within radio such as podcasting, journalism and broadcast technology.

Finish a Diploma in Screen and Media

You can do that part-time while you earn money.

Result — you can work in a range of roles on a film set, set up for live television broadcasts, produce radio programs, create VFX for films, work on animation features, work as a specialist make-up artist, develop and record podcasts or record sound on location.

Yes, I want to be a screen, media & radio professional
